Dear Kell,

Glad we spoke, just chatted with Brad (copied above) about the tasks before us. I am confident we can pull together all needed elements by a midFebruary date, and thus am asking if you can suggest a date or two when the Administrator and you may be available. Brad is flexible, we both acknowledge January 26 is difficult for us (it's the week we expect to receive the tribes in San Francisco for consultation on the MOUs we sent them last week). In speaking with you, I was confident of "the 26<sup>th</sup>" thinking you were referring to February!!!

If you could suggest a midFebruary date or two, Brad could check with Gov. Sandoval's office. We'll keep our attention focused on closing out our order, working with DOJ and Anaconda on finalizing the cost reimbursement for signature, and will check with the tribes about the MOU consultation meeting we've proposed. I can also give BP/ARC's Bob Genovese a quick call as to our status.

Kind regards,

Alexis
